

OSHA SAFETY TRAINING FOR MA SCHOOLS

School Safety Training Packages for required OSHA regulations as outlined by the Massachusetts Department of Labor Standards (DLS)

Benefits of United Alliance Services' School Safety Training Package:

- Experienced OSHA safety regulations instructors.
- Help school employees perform their jobs safely by outlining first-hand, real-life scenarios.
- You choose the sessions that best suit your team members as you know them best.
- We maintain backup copies of all training documentation.
- We'll notify you when refreshers need to be renewed.
- We have developed the training programs, which is our area of expertise, to allow you to focus on your area of expertise – running an efficient school system.

The Safety Training for School packages are based around the flexibility needed to address the training to a large number of employees. The pricing is based upon the amount of hours you need with the training selection entirely up to you, and we're flexible with how we deliver the training. These packages were designed to comply with the new Massachusetts' DLS laws.

PRICING CHART

HALF SESSION	MAX 3 HRS (1-3 TOPICS)	\$1,599.00 (up to 40 participants)
FULL SESSION*	MAX 6 HRS (2-6 TOPICS)	\$2,799.00 (up to 40 participants)

* book multiple sessions for a steeper discount

When you purchase a half session, you're getting up to 3 hours of instruction delivered at your school. This can be done by 3 different deliveries of the same topic to different audiences or you can select three different topics delivered to the same audiences. When you purchase a full session, you'll receive up to 6 hours of instruction delivered at your school with the same set up as a half session.

1 Hour topics (up to 40 participants)
(All below training is compliant with OSHA 29 CFR 1910)

Introduction to OSHA	Bloodborne Pathogens

3 Hour topics (12 participants max) (All below training is compliant with OSHA 29 CFR 1910)	
First Aid	Scaffolding
CPR / AED	Scissor Lift
Aerial Lift	Accident Investigation
Confined Space Entry	Fundamentals of Safety Leadership
Forklift	Basic Workplace Violence
Trench Safety	Behavior Based Safety
Backhoe and Excavator	Active Shooter
Silica Awareness	Asbestos

- A 15% discount will be applied when more than one full session is ordered at the same time.
- If you have more than 40 who need the training, then we can easily accommodate that for a low additional fee of \$15 per participant.
- Certain trainings above are capped at 12 due to compliance regulations. The only training that contains a practical portion is the CPR per the standards. All other practicals can be complete by purchasing additional time blocks. Please speak with a UASC representative for more details.
- These are standard OSHA regulation training sessions. If you need a more customized training that mimics your school's policies, we can easily adjust the training session for a low additional fee.
- If the school is in the Berkshire or Springfield counties, the above pricing does not include additional travel fees.
- Certificates can be purchased for \$5.00 each.
