EDUCATION

B.S, Occupational Health and Safety
Columbia Southern University (2020)

Robert has 10 years of experience providing quality on-site safety management, proficient training, and EHS consulting to companies in the oil and gas industry. He has experience in many phases of safety management including on-site safety coaching/training, safety audits, risk assessments and accident/incident investigation.

Robert has managed safety related partnerships/relationships between oil and gas operators and contractors to ensure employees maintained peak performance levels while adhering to safety/environmental programs for OSHA, EPA, and State Regulatory compliance.

His tireless work ethic and professional, easy-going demeanor are an asset to our safety consulting team.

MILITARY SERVICE:

Robert served in the US Army as a Sergeant from 2002-2008 as a Senior LAN Manager. He was responsible for installing and maintaining battlefield IT systems.
