EDUCATION

Bachelor of Science, Occupational Health and Safety

Keene State College, Keene NH

Robert is a safety professional that has over 14 years' experience. After graduating Keene State College with a Bachelor of Science Degree in Occupational Health and Safety, Robert has been diligently putting forward effort on his continuous quest to seek professionalism and knowledge in General Industry, Construction, Electrical Utility, and Maritime Construction industries.

Robert is a member of the Board of Certified Safety Professionals with the achieved title of ASP (Associate Safety Professional) and CHST (Construction Health and Safety Technician). He currently maintains his academic achievements as "Active" in status and is pursuing the CSP (Certified Safety Professional) credential.

Robert assists our clients with site-specific health and safety program development, safety and health inspections, and conducting site safety auditing and safety management services for large commercial projects. He brings his tireless work ethic and occupational health and safety expertise to each UASC client he works with.
