### EDUCATION

---

Hobart College, Geneva, NY **2017**  
B.S Geoscience: Hydrogeology &  
Atmospheric Science

F.W Olin Graduate School of Business,  
Wellesley, MA, MBA program **Present**

Ryan has a unique blend of environmental and health and safety knowledge. He has worked on large remediation, manufacturing, construction and drilling projects.

Ryan graduated from Hobart College in 2017 with a B.S in Hydrogeology and Atmospheric Science and is currently enrolled in Babson College's MBA program.

Ryan has worked heavily on compliance, completing construction environmental health and safety audits. He has experience writing and implementing Health and Safety Programs (HASP). He also has experience conducting hazardous waste inventory and waste stream audits. He has been the site safety officer on large scale remediation projects and construction projects.

Ryan has experience giving daily tailgate safety talks to large teams of subcontractors and enforcing safety protocol. He has worked with state regulators and the EPA to craft anti-degradation, air compliance, and emergency response/hazardous waste inventory reports.

Ryan's past work as a permitting and compliance specialist accompanied with extensive field and auditing experience give Ryan a well-rounded and informed view on all things Safety.
